This circular contains the book lists which formerly appeared in Circulars 14 and 52. In Schedules A and B the books listed are approved for permissive use in Grades I to X of the several types of schools. These schedules contain the lists of text-books referred to

(a) in a Memorandum from the Minister of Education to Secretaries of Elementary School Boards, dated February 21, 1952, which reads in part:

1. **Text-books and Library Books**

In 1952 each board will receive a grant of $3 multiplied by the average daily attendance of 1951 in grades 1 to 10 inclusive for the purchase of approved text-books. In the case of rural boards in municipalities having a population under 20,000 and urban boards in municipalities having a population under 2,500, an additional grant of $1 per pupil will be paid for library books.

In 1953 these grants will be the lesser of the amounts spent by the board in 1952, or $3 or $1, as the case may be, multiplied by the average daily attendance in 1952 in grades 1 to 10 inclusive.

(b) in a Memorandum from the Minister of Education to Secretaries of Secondary School Boards, dated February 21, 1952, which reads in part:

1. **Text-books**

In 1952 each board will receive a grant of $3 multiplied by the average daily attendance of 1951 in grades 9 and 10, excluding pupils from other high or continuation school districts, for the purchase of approved text-books, a list of which will be issued in the spring.

In 1953 this grant will be the lesser of the amount spent by the board on such books in 1952 or $3 multiplied by the average daily attendance in 1952 in grades 9 and 10, excluding pupils from other high or continuation school districts.

Schedule C contains the lists of books authorized or recommended for use in Grades XI and XII, and these books are not to be included in claims for reimbursement grants.

The lists of texts approved for permissive use will be enlarged from time to time as suitable books appear. Wherever possible books of Canadian origin and manufacture will be chosen for these lists. Local Coordinating Committees are again invited to submit, through the office of the Editor of Text-books, Department of Education, suggestions for books to appear on supplementary lists at intervals throughout the year. If a Coordinating Committee desires to use a text-book which does not appear on the approved list, application may be made to the Minister for special permission to use the book.

TEXT-BOOKS

Approved (Grades I - X)
Authorized and Recommended (Grades XI - XII)

SCHEDULE A

Books Approved for Permissive Use

Pupils will not be required to buy these books. School boards will be required to provide readers and other text-books selected from these approved lists in numbers sufficient for the use of the pupils. Boards should make their selections after consultation with teachers, principals and inspectors concerned. In 1952 a grant of $3.00 per pupil in average attendance in 1951 in Grades I-VIII will be paid to boards toward the cost of school books. In 1953 boards will be reimbursed for amounts expended in 1952 for text-books listed in this Schedule A, permissive use of which has been approved, up to a maximum of $3.00 per pupil of average attendance in 1952 in Grades I - VIII.
